Flames Break Out in the Debris and Many Wounded Are Burned Alive-Among the Hurt a Number Will Die-All the Physicians But One in the Town Fall Victims to the Fury of the Tornado -Awful Scenes in the Wake of the Destroyer.

Guthrie, O. T., March 31 .- A report is received here that twenty lives were lost last evening in a cyclone that swept over Chandler, a town of 1,500 inhabiants fifty miles east of here. It is reported that only two buildings were left standing-the Mitchell hotel and the Grand island grocery store. In addition to the twenty persons reported killed rumors say that fully 150 were badly injured. The following names are given as among those killed: J. Woodyard and wife, Mrs. Mitchell, Mrs. Thomas Smith and John Lawson, law-

The cyclone struck at 5 o'clock last evening. The court house, in which Chief Justice Dale was holding court. was taken off its foundation. All communication with Chandler is now cut off. The telephone office was destroyed, and the only information received here was from a telephone connection made a mile and a half out of Chandler. That has since been lost.

Twenty-One Bodies Recovered. Later.-At 1 o'clock this more twenty-one dead bodies had been teles from the ruins at Chandler. Seventy five to 100 persons are badly in bred, and a dozen or more of these are reported dying. In addition to those dead, dying and injured, it is believed that there are a score or more dead buried beneath the wrecked buildings. Several of the wrecked buildings have taken fire and the debris is burning fiercely. Many of the injured have been burned to death while pinned fast under the debris. In one building, it is reported, five injured people were burned to death, and at another place the incinerated bodies of three unknown children have been tak-

Groans and Cries on Every Side. Chandler is a town of 1,500 people. It is built on a hill in thick timber and the mass of torn trees and wrecked houses made it impossible to reach the injured in the dark. On every side could

the scene was indescribable. TEXAS AND KANSAS VISITED.

But the Destruction Is Done to Property Only So Far as Known. Kansas City, Mo., March 31.-Reports received here indicate that the cyclone which destroyed the town of Chandier, O. T., last night, also passed across the state of Kansas, though in less destructive force. Florence, Kan., reports a severe wind storm between 5 and 6 o'clock that unroofed a portion of the

Santa Fe round house, blew down sev-eral buildings and blew box cars from the tracks. Great Bend reports a very heavy wind, accompanied by hall and Wichita reports the heaviest rain ev

er experienced there, accompanied by wind and hall. At Haven box cars were blown from the railroad tracks. Barton reports a very heavy wind, which wrecked several small buildings and blew cars from the tracks. Telegraph service throughout the state is badly crippled.

Fort Worth, Tex., March 31 .- Another cyclone passed over this city last night, this time catching the south side. The chimney of the Mulkey Memorial church was blown down and falling on the parsonage crushed in the roof. Several houses were unroofed and the houses of ex-County Treasurer Thomas Bratton and Mrs. Cline were blown from their supports. The lady is reported injured. It is said a small negro church in the extreme southeastern part of town was blown down, but the 'phones are out of order and it is so remote that no accurate details can be had.

Legislation for the linekeye State. Des Moines, Ia., March 29.-The private bankers carried the day in the house, and by a vote of 52 to 36 prevented the insertion of a provision requiring them to submit to examination and make reports the same as state and savings banks. STATE NEWS NOTES.

MICHIGAN ITEMS WHICH WILL BE OF GENERAL INTEREST.

Short Review of the Work of the State Solons at Lansing -Other News of Interest from All Over the Great State Reported by Telegraph.

Lansing, Mich., March 26.-There was wild talk and loud words in the state senate. The lie was passed and the governor of the state was denounced as a demagogue. The bill of Covell which requires the governor to make appointments during the sessions of the legislature so that they may be acted upon by the senate was under consideration. At the close the bill was agreed to in committee of the whole and immediately passed by a vote of 18 to 9. Governor Pingree has said that he will

Lansing, Mich., March 27.-The long fight between the state fish commission and the commercial fishermen over pending legislation has ended with a compromise bill. This bill provides a license fee of \$75 per year for tugs with steam hoists, \$10 for pound or trap nets, \$5 for seines and gobble nets and for all boats. No white fish or trout weighing less than two pounds are to be taken, and the close season is to be from Nov. 1 to Dec. 1, except in Lake Erie, where it is to begin and end two weeks later. The bill making it a misdemeanor for a person to unlawfully use or wear a badge of the Grand Army or Loyal Legion was vetoed by Governor Pingree.

Lansing, Mich., March 29.-Governor Pingree has affixed his official signature to the bill providing a bounty of 1 cent per pound on beet sugar. The law will go into effect sixty days after adjournment of the legislature. The house in committee of the whole agreed to a bill prohibiting the shooting of prairie chickens, quall, and partridges for a period of five years. A bill providing for the conspicuous labeling of imitation

food products was passed. Lansing, Mich., March 31.-The house antagonized the baking powder manufacturers by agreeing in committee of the whole to the Goodell bill, which divides baking powder into three classes, cream of tartar, phosphate and alum, and provides that packages shall be so labeled as well as marked conspicuously with the name of the manufacturer. No variety is to contain more than 20

per cent, of starch. MICHIGAN WILL COMPETE.

Track Manager Hill Will Send a Team to Chicago.

Ann Arbor, Mich., March 30 .- Outdoor base ball practice was resumed here after a lapse of a week. A large number of new men came out for the first time, and the work was hard and fast. Especial attention is being paid to the batting.

Track Manager Hill announced Tuesday that, as the board of control had not looked with much favor on Illinois' protest against Michigan's competing in the Coliseum games, he would probably send a team to the Chicago meet unless the other western colleges dropped out. Elbel's fine work Saturday night in equaling the world's record for the forty-yard dash-4 3-5 seconds—has brought him into much prom-inence and it is thought he will develop into a wonderful sprinter.

He Invented the Monitor.

Detroit, March 26 .- Dr. Theodore Burr, who died here Wednesday, aged 81, was an inventor of note, but, like many another who sought to lighten the labors of humanity, he did not benefit pecuniarily from his ideas. In 1861 he presented plans to the government for the construction of an iron gunboat. The plans were adopted, except that the double turrets were built by the advice of Captain John Erics son, to whom the entire invention was credited. The boat was called Monitor, and the only recognition of Dr. Burr was by the presentation to him of the first greenback ever printed. This was only one of several inventions by
